MODERN LANGUAGE PROGRAM

Modern Language Program

WHY MLP?

Assumption College Sriracha understands how important it is for your child to learn English. English is the most widely spoken language among non-native speakers and is the international language of business. Our Modern Language Program, established since 2003, helps prepare students for the outside world and our students will have greater international opportunities and job prospects.

A comprehensive English immersion program that provides more than 800 hours of focused learning each year.

OUR GOALS

1. Communication

To develop our students academically, so they have the ability to communicate in English, think critically and learn independently.

2. Highest Academic Standards

To maintain strong academic achievement through consistently excellent exam results while promoting a fair and inclusive admission policy.

3. Good Reputation

To enhance the school's recognition at local, national, and international levels by actively engaging in the wider educational community.

4. International Curriculum

To deliver a challenging and innovative high quality international curriculum, that equips our students for the next step in their education and for life.

5. Qualified and Professional teachers

To recruit, develop and retain inspiring teachers who are experts in their profession, communicate confidently in English and use technology in their teachings.

6. Pastoral Care for Students Well-Being

To provide pastoral care and ensure academic, physical, social-emotional, spiritual and cognitive development of each student by taking a proactive approach to student wellbeing, carefully planning for the support and success of each and every individual.

CREATIVE THINKING

Grades 1 – 6

The formative years of primary level are crucial for your child's development, shaping their character and developing their thinking skills, preparing them for adulthood. At ACS MLP, we place special emphasis on fostering children's natural curiosity and drive to learn through enquiry-based learning where possible. Our approach to teaching, the curriculum we offer, and our co-curricular program, under the guidance of excellent teachers, will set your child up to become a well-rounded and compassionate learner.

Grades 7 – 12

We know how important it is in the lower secondary level to continue establishing a love of learning, developing good habits and discipline, and understand themselves and the world around them. Lessons are engaging, meaningful, and designed to lay a strong foundation for both academic success and personal development for students to excel academically and improve their social, creative and critical thinking skills. In our higher secondary level, we focus on developing our students academically and socially so they will be well-rounded and educated members of society. We will provide them with all the skills needed to enter the top Universities in both Thailand and abroad.
The MLP offers an Individual Development Plan (IDP) to help each student identify their strengths and develop specialist skills based on their strengths and interests.
